GIVE FOR A BETTER DAY

This holiday season, you can help bring smiles to patients at Rogers.

Adolescent patients at Rogers Behavioral Health depend on gifts from the community to make their journey to recovery easier. Below is a “Wish List” that includes items to help our patients and families cope with the anxiety of being in treatment. Donations of new, unused items, or monetary gifts go a long way in making the treatment experience more comfortable and brighten their holiday season. As our patients have special requirements, please consider the following when selecting your gifts:

1. All items must be new
2. Do not wrap your gifts
3. Stuffed animals geared for adolescents
